

# If you are involved in the **TILING TRADE...**

Can you afford **NOT** to use

## THE WONDERCAP

**WONDERCAP is a unique, simple to use, multipurpose fitting designed to eliminate a wide range of problems continually experienced by tilers, builders and plumbers throughout ALL stages of the construction process.**

It is specifically designed to make the **TILER'S** job easier and more cost effective - and to reduce time consuming plumbing and tiling call backs after practical completion.

**WONDERCAP** offers more than just a simple, inexpensive way to cap off pipes at slab and floor level.

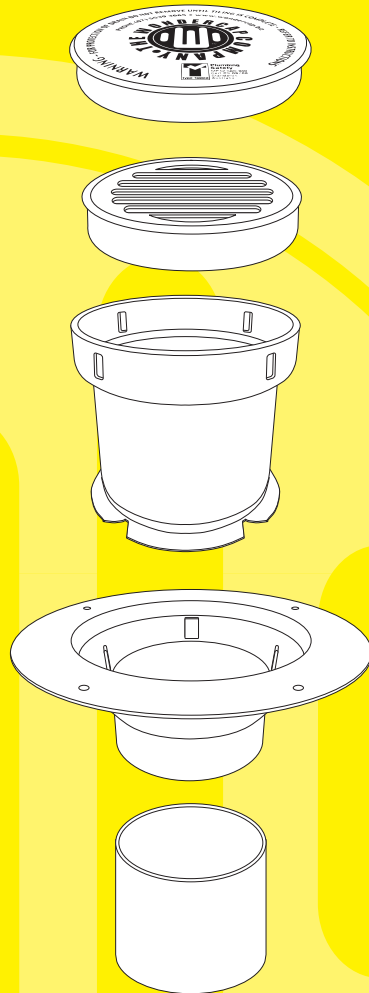

It is a complete system designed to ensure that the waste outlets and shower risers are kept totally free of foreign matter and that **TILERS** can complete their work more professionally, accurately and in less time.

The **WONDERCAP** guarantees that the consumer is delivered a safer, odourless, more hygienic floor and shower waste, and a Free Flowing Hassle Free Drainage System ensuring higher levels of customer satisfaction and reducing expensive downtime in call backs.

Incorporate **WONDERCAP** into your professional practices and reap the benefits. Improve quality control, avoid call backs and the pitfalls of post construction warranties.

### WONDERCAP FEATURES

- Available in two sizes 100mm and 50 mm.
- Will fit any floor and shower waste grate.
- Can be used in conjunction with puddle flanges.
- Can be adjusted up and down for various screed and floor waste grate heights.
- Can be removed to allow the water proofing membrane to be applied to the floor and shower waste riser.
- Supports and transitions the 100mm grate to 50mm waste.
- Patented weep holes to help drain floor and shower wastes.

# THE MULTIPLE BENEFITS OF WONDERCAP FOR TILERS

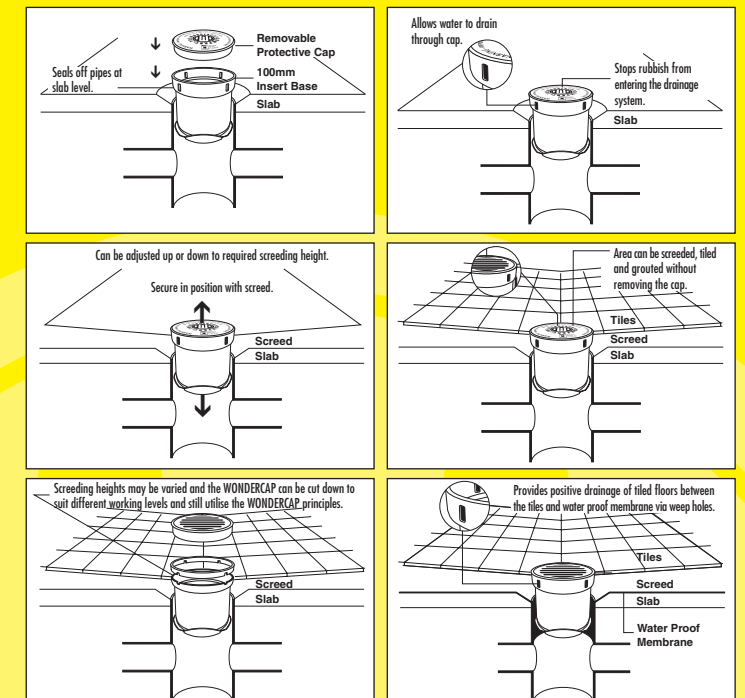

- It seals off pipes at slab level.
- It can be adjusted up or down to required screeding height.
- The area can be screeded, tiled and grouted without removing the cap.
- Patented weep holes allow for positive drainage of tiled floors between the tiles and water proof membrane.
- Stops screed from entering floor and shower wastes.
- Provides easy set-up of correct grades for the falling of tile beds to waste outlet.
- Supports and centres chrome and plastic floor grates with 100% accuracy.
- Provides ultimate protection against hidden drainage problems occurring after practical completion.

### WONDERCAP HAS MULTIPLE APPLICATIONS:

- All wet areas
- Bathroom renovations
- Dry floor wastes for balcony outlets
- Drainage outlets for paved patios
- Concrete or wooden floors
- In conjunction with a puddle flange

### ADDITIONAL BENEFITS TO THE PLUMBER:

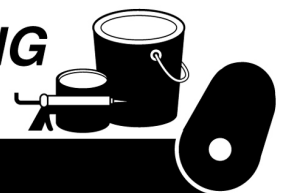

- Eliminate service call backs for blockage and odour problems caused by excess construction rubbish.
- Eliminate foreign matter entering the drainage system during construction.
- Eliminate the chance of temporary bungs from being lost or forgotten in the drainage system.
- Reduce the risk of hygiene problems and blockages in waste outlet pipes.
